AOC Responsibilities

Contents

- Module 0.1 – AOC responsibilities;
 - Module 0.2 – ATO detailed requirements;
 - Module 0.3 – FSTD Operators.
- 

AOC Holder Responsibilities

Essential Requirement for Air Operators (Annex01 to COVER):

*“operator must use only **suitably qualified** and **trained personnel** and implement and maintain **training and checking programmes** for the crew members and other relevant personnel that are necessary to ensure the currency of their certificates, ratings and qualifications”*

As Detailed in TCAR OPS regulation (ORO.MLR.100 and ORO.FC and associated AMC GM)

*“Flight Crew Training and Checking Programmes and syllabus shall be specified in **Operations Manual** and **Approved** by CAAT”*

AOC Holder Responsibilities

ORO.FC.145 (a): *All training, checking and assessment required in this Subpart shall be conducted in accordance with the **training programmes** and **syllabi** established by the operator in the operations manual.*

AMC3 ORO.MLR.100: Operations Manual Part-D

- *Description and Scope*
- *Content (Programmes)*
 - *Flight crew, all relevant in **ORO.FC, Part-CAT** and **Part-SPA***
 - *Cabin Crew*
 - *Operations Control personnel (FOO/FD)*
- *Procedures*
- *Description of documentation to be stored and storage periods.*

Flight Crew Training Programmes Requirements

Basic contents that are related to the Flight Crew Training Programmes (OM-D):

| | |
|-------------|---|
| ORO.GEN.110 | Operator responsibilities (dangerous goods) |
| ORO.GEN.200 | Management System |
| ORO.FTL.250 | Fatigue Management Training |
| ORO.FC.105 | Designation as pilot-in-command/commander |
| ORO.FC.115 | Crew resource management (CRM) training |
| ORO.FC.120 | Operator conversion training |
| ORO.FC.125 | Differences training, familiarisation, equipment and procedure training |
| ORO.FC.130 | Recurrent training and checking |
| ORO.FC.145 | Provision of training, checking and assessment |
| ORO.FC.146 | Personnel providing training, checking and assessment |
| ORO.FC.205 | Command course |
| ORO.FC.215 | Initial operator's crew resource management (CRM) training |
| ORO.FC.220 | Operator conversion training and checking |
| ORO.FC.230 | Recurrent training and checking |

Flight Crew Training Programmes Requirements

Basic contents that are related to the Flight Crew Training Programmes (OM-D):

| | |
|---|---|
| ORO.FC.140 ORO.FC.240 | Operation on more than one type or variant S/MFF |
| ORO.FC.135 ORO. FC. A.201 | Pilot Qualification to operate in either pilot's seat Inflight relief of flight crew member (IRFCM) |
| CAT.GEN.MPA.170 CAT.GEN.MPA.175 CAT.GEN.MPA.215 | Psychoactive substances Endangering Safety Support Programme |
| CAT.OP.MPA.290 CAT.OP.MPA.295 | TAWS ACAS |
| CAT.OP.MPA.303 CAT.OP.MPA.311 | In-flight check of the landing distance at time of arrival – aeroplanes Reporting on runway braking action |
| Part-SPA AMC 20-6 | Operations requiring a specific approval ETOPS |

Flight Crew Training Programmes Requirements

Basic contents that are related to the Flight Crew Training Programmes (OM-D):

| | |
|--|---|
| CAT.GEN.MPA.200 SPA.DG | Transportation of Dangerous Goods |
| FCL ORA.ATO.125 FCL.060 FCL subpart J & K | Appendix – 9 Type rating course – aeroplane (with FSS): ZFTT Recent experience Instructor & Examiners |
| ORO.GEN.120 (b) | Acceptable means of compliance (AMC) are non-binding standards adopted by the CAAT to illustrate means to establish compliance with requirements of the Regulation. AOC holder must demonstrate compliance to regulation by using compliance matrix. |

Flight Crew Training Programmes Requirements

Develop and Verify OM-D compliance

Compliance matrix is a way to demonstrate compliance

When elaborating an OM-D,

AOC shall **verify and demonstrate the compliance of the manuals** with the requirements

The use of compliance matrix is a way to address it.

/i\ The following modules will assist you to draft the OM-D including FC training programmes.

Flight Crew Training Programmes Requirements

| Module | Descriptions |
|--------------------------------|---|
| 0. ATO & AOC | Responsibility of ATO and AOC, TCAR PEL regulations |
| 1. Overview | Overview of flight crew training in TCAR OPS |
| 2. CAAT approval | Approval concept of OM-D, FC Training |
| 3. Overview of TCAR PEL | Overview of TCAR PEL & Conversion of instructors |
| 4. OCC | Operator Conversion Course training |
| 5. LIFUS | Line Flying under supervision |
| 6. CRM | Crew Resource Management |
| 7. RTC | Recurrent Training & Checking |
| 8. CC | Command Course |
| 9. LTC / LC | Line Training Captain / Line Checker |
| 10. PICUS | PIC under supervision |
| 11. IFRFCM | In-flight relief flight crew member |
| 12. Commander on RHS | Operation on either pilot's seat |
| 13. S/MFF | Operation on more than one type or variant |

MODULE-0.2

ATOs

Detailed
requirements

Privileges for Training Organisations

Approved Training Organisations ATO

- Have privileges that can extend **up to** CPL, MPL, IR, Theoretical ATPL
- Class, **Type ratings** & Additional ratings including instructors
- Must develop compliant organisation and management system (Part ORA)

And are approved by the CAAT

AOC Holders also shall become **ATO**

Privileges for Training Organisations - ATO

Privileges of an Approved Training Organisation (ATOs)

ORA.GEN.125 Terms of approval and privileges of an organisation

A certified organisation shall comply with the scope and privileges defined in the terms of approval attached to the organisation's certificate.

ATOs can deliver training courses to **obtain licences** :

- **LAPL** (A), (H), (G), (B): Theoretical and/or Flying training
- **PPL** (A), (H), (As), GPL, BPL: Theoretical and/or Flying training
- **CPL** (A), (H), (As), (PL): Theoretical and/or Flying training
- **MPL** : Theoretical and Flying training in coordination with an AOC
- **ATPL** (A), (H), (As): Theoretical Knowledge training

Privileges for Training Organisations - ATO

Privileges of an Approved Training Organisation (ATOs)

ATOs can also deliver training courses to **obtain ratings** :

- **IR** (A), (H), (As) including PBN
- **Class** ratings,
- **Type** ratings including ZFTT training in coordination with an AOC
- Training to **variants**,
- **Refresher Training** for ratings renewal,
- **Additional** ratings:
 - **Night** rating
 - **aerobatic**
 - glider and banner **towing**.

Privileges for Training Organisations - ATO

Privileges of an Approved Training Organisation (ATOs)

ATOs can also deliver:

- **MCC Training** course before entry to the first MPA TR course
- **Advanced UPRT** Training course before entry to the first MPA TR course
- **Instructors certificates**
- **Examiners standardisation**

PEL Training Organisations under AOC

Some training programs can be delivered directly by an AOC

FCL.710 Class and type ratings — variants

(a) ...

(b) **The differences training shall be conducted at any of the following:**

(1) an ATO;

(2) a DTO in the case of LAPL holder for the purpose of extension of privileges:

(i) to another class or variant according to FCL.135 (A);

(ii) to another type or variant according to FCL 135(H).

(3) an AOC holder having an approved differences training programme for the relevant class or type.

PEL Training Organisations under AOC

Some training programs can be delivered directly by an AOC

FCL.725 Requirements for the issue of class and type ratings

/i\ [For Single pilot aeroplane only]

(b) Single-pilot and multi-pilot operation

(1) A pilot who already holds a class or a type rating for the relevant aircraft class or type, with the privilege for either single-pilot or multi-pilot operations, shall be considered to have already fulfilled the theoretical requirements when applying to add the privilege for the other form of operation on the same aircraft type.

(2) Such a pilot shall complete **additional flight training** for the other form of operation in the relevant class or type in accordance with **Appendix 9** to this Part, unless specified otherwise in the operational suitability data established in accordance with EASA Part 21 or equivalent material acceptable to the CAAT. This training shall be completed at either of the following:

(i) an ATO

(ii) **an organisation to which TCAR OPS Part ORO applies and that is entitled to provide such training on the basis of either an approval or, in the case of single-pilot helicopters, a declaration.**

PEL Training Organisations under AOC

Some training programs can be delivered directly by an AOC

APPENDIX 9 - Training, Skill test and proficiency check for MPL, ATPL, type and class ratings, and proficiency check for IRs

A.GENERAL

17. When the type rating course has included less than 2 hours flight training on the aircraft, the skill test may be conducted in an FFS and may be completed before the flight training on the aircraft.

The approved training shall be performed by a qualified instructor under the responsibility of:

(a) an ATO

(b) an organisation holding an AOC and specifically approved for such training or

(c) the instructor in cases where no aircraft flight training for SP aircraft at an ATO or AOC holder is approved and the aircraft training was approved by the CAAT

Landing [Base] training

Detailed Requirements - ATOs

Structure of TCAR PEL Part ORA – Organisation Requirements for Aircrew

Part ORA Subpart GEN

General requirements applicable to ATOs and FSTD Operators involved in the training of Flight Crew; and to Organisations operating FSTD.

Part ORA Subpart ATO Section 1 General requirement

General requirements applicable to ATOs only

Part ORA Subpart ATO Section 2 and 3

Additional requirements applicable depending on the type of training

ORO. requirement [AIROPS] Vs ORA. Requirement [AIRCREW]

Organisation requirements are very similar.....

Detailed Requirements - ATOs

Part ORA – Structure for ATOs – Subpart ATO

Part ORA Subpart ATO contains detailed requirements specific to ATOs involved in the training of Flight Crew. It contains 3 sections:

SUBPART ATO - APPROVED TRAINING ORGANISATIONS

- ▷ SECTION I - General
- ▷ SECTION II - Additional requirements for ATOs providing training for CPL, MPL and ATPL and the associate...
- ▷ SECTION III - Additional requirements for ATOs providing specific types of training

- **Section 1** is applicable to **all ATOs** (common);
- **Section 2 and 3** are additional (Specific) requirements **applicable depending on the training provided.**

Detailed Requirements - ATOs

Part ORA – Structure for ATOs – Subpart ATO

Section 1

contains additional “General” requirements applicable to all ATOs:

SECTION I - General

ORA.ATO.100 Scope

ORA.ATO.105 Application

ORA.ATO.110 Personnel requirements

ORA.ATO.120 Record-keeping

ORA.ATO.125 Training programme

ORA.ATO.130 Training manual and operations manual

ORA.ATO.135 Training aircraft and FSTDs

ORA.ATO.140 Aerodromes and operating sites

ORA.ATO.145 Pre-requisites for training

ORA.ATO.150 Training in third countries

Detailed Requirements - ATOs

Part ORA – Structure for ATOs – Subpart ATO

Section 2 of Subpart ATO contains **additional** requirements for

- **CPL** Training
- **MPL** Training
- **ATPL** Training

SECTION II - Additional requirements for ATOs providing training for CPL, MPL and ATPL and the associate.

ORA.ATO.210 Personnel requirements

ORA.ATO.225 Training programme

ORA.ATO.230 Training manual and operations manual

Section 3 of Subpart ATO contains **additional** requirements for :

- **Distance learning** course
- **ZFTT** Training course
- **MPL** courses

SECTION III - Additional requirements for ATOs providing specific types of training

▷ Chapter 1 - Distance Learning Course

▷ Chapter 2 - Zero Flight-Time Training

▷ Chapter 3 - Multi-crew pilot licence (MPL) courses

Zero Flight Time Training – ZFTT specific arrangement

ZFTT can only be delivered by ATOs of AOC or ATOs having an arrangement with **an AOC**, provided the AOC holder has appropriate experience with the type. (ORA.ATO.330) and use appropriate FSTD (ORA.ATO.335).

It is partially documented in TCAR PEL and complemented by provisions in TCAR OPS.

It is called a ZFTT because the first time the applicant will fly the real aircraft it would be during normal operations that may include the transportation of passengers.

It requires:

- Compliance with **additional prerequisites** to enter the training; and,
- Compliance with **additional requirements** in ORO.FC.220 (e) (OPS regulation)
 - For entering the **LIFUS**
 - To perform an additional session in an FSTD (the **ZFTT session**)
 - To perform the first **4 Take-offs & landings in a real aeroplane with TRI(A) LIFUS**

ORO.AOC.125 – Non CAT operations of A/C listed in OPS SPEC

When the operator conducts non-revenue flight by using A/C listed in OPS SPEC, Operators shall:

- Establish details in Operation Manual (OM-A , 8.7) to identify the applicable regulation (e.g NCC or NCO);
- Differentiation procedures / requirements between CAT operation and Non-CAT;
- Provide the familiarisation training to all relevant personnel (e.g Flight Crew , FOO/FD)

NOTE: Declaration is not applicable to this case.

Example for the non-revenue flight in AOC activity [see DEF GM1 Annex I Definition]

A flight for instructional purposes for students of the ATO of the AOC provided:

The training course is approved by the CAAT.

Type rating instructors TRI/r LT (landing Training) or the Class rating instructors of the ATO are also pilots and instructors in the AOC and are specifically trained and standardized for this purpose.

Detailed Requirements - ATOs

Part ORA – Content – Management System

ORA.GEN.200 Management system

(a) The organisation shall establish, implement and maintain an effective management system that includes:

(1) A safety Management system.

This safety Management system shall include:

- (i) clearly defined lines of responsibility and accountability throughout the organisation, including a direct safety accountability of the accountable manager;
- (ii) a description of the overall philosophies and principles of the organisation with regard to safety, referred to as the safety policy;
- (iii) the identification of aviation safety hazards entailed by the activities of the organisation, their evaluation and the management of associated risks, including taking actions to mitigate the risk and verify their effectiveness;

This shall include, as part of safety risk management and safety assurance:

- Hazard identification processes
- Risk assessment and mitigation processes
- Internal safety investigation
- Safety performance monitoring and measurement
- The management of change
- Continuous improvement
- A process or plan to manage an emergency situation, implement immediate safety actions, while ensuring safe continued operation in coordination with other organisations.

(iv) maintaining personnel trained and competent to perform their tasks;

(v) documentation of all safety management system key processes, including a process for making personnel aware of their responsibilities and the procedure for amending this documentation;

(2) a compliance monitoring system which has the function to monitor compliance of the operator with the relevant requirements. Compliance monitoring key processes shall be documented and shall include a feedback system of findings to the accountable manager to ensure effective implementation of corrective actions as necessary; and

(3) any additional requirements that are prescribed in the relevant Subparts of TCAR OPS Part ORO or other applicable regulations.

More detailed requirements for Management System

Management System including a SMS and a Compliance Monitoring system shall be in place in ATOs & FSTD Operators

Detailed Requirements - ATOs

Part ORA – Content – Management System

- (b) The management system shall correspond to the size of the operator and the nature and complexity of its activities, taking into account the hazards and associated risks inherent in these activities.

Notwithstanding point (a) (1) (iii); for non-complex organisations safety risk management and safety assurance shall include at least:

- The use of Hazard checklists or similar risk management processes integrated into the activities of the organisation;
- The management of change;
- A process or plan to manage an emergency situation, implement immediate safety actions, while ensuring safe continued operation in coordination with other organisations.

- (c) Notwithstanding point (a), in an organisation providing training only for the LAPL, PPL, GPL or BPL and the associated ratings or certificates, safety risk management and compliance monitoring defined in points (a)(1) (iii) and (a)(2) may be accomplished by an organisational review, to be performed at least once every calendar year. The CAAT shall be notified about the results of this review by the organisation without undue delay.

- (d) Notwithstanding (a) (1), organisations providing only theoretical knowledge instruction shall not be required to have a safety management system.

However, such organisations shall:

- have clearly defined lines of responsibility and accountability throughout the organisation
- maintain personnel trained and competent to perform their tasks;
- prevent negative transfer of training.

Including specific requirements for Non-Complex organisations

... and for other organisations with very limited privileges

Detailed Requirements – ATOs

Part ORA – Content – Management System

AMC1 ORA.GEN.200(b) Management system

SIZE, NATURE AND COMPLEXITY OF THE ACTIVITY

- (a) An organisation should be considered as complex when it has a workforce of more than 20 full time equivalents (FTEs) involved in the activity subject to The Air Navigation Act B.E 2497 and its associated Regulations.
- (b) Organisations should be considered complex when one of the following criteria is met:
 - (i) use of full flight simulators (FFSs); or
 - (ii) training for multi-pilot (MP) type rating; or
 - (iii) zero-flight-time training (ZFTT); or
 - (iv) use of complex motor-powered aircraft; or
 - (v) training using different categories of aircraft; or
 - (vi) instructor certificates for multi-pilot (MP) type rating and training for complex motor-powered aircraft; or
 - (vii) where the training environment is primarily offshore, or in mountainous area ...
- (c) Regardless of the criteria mentioned in (a) and (b), the following organisations should be considered as non-complex:

Approved Training Organisations (ATOs) only providing training for the light aircraft pilot licence (LAPL), private pilot licence (PPL), Glider pilot licence (GPL) or balloon pilot licence (BPL) and the associated ratings and certificates.

Detailed Requirements - ATOs

Part ORA – Content – Management System

Many AMCs available to comply with Management System requirements for all types of ATOs

AMC1 ORA.GEN.200(a)(1) (i) Management system

COMPLEX ORGANISATIONS - ORGANISATION AND ACCOUNTABILITIES

The management system of an organisation should encompass safety by including a safety manager and a safety review board in the organisational structure.

(a) Safety manager

- (1) The safety manager should act as the focal point and be responsible for the development, administration and maintenance of an effective safety management system.
- (2) The functions of the safety manager should be to:
 - (i) facilitate hazard identification, risk analysis and management;
 - (ii) monitor the implementation of actions taken to mitigate risks, as listed in the safety action plan;
 - (iii) provide periodic reports on safety performance;
 - (iv) ensure maintenance of safety management documentation;
 - (v) ensure that there is safety management training available and that it meets acceptable standards;
 - (vi) provide advice on safety matters; and
 - (vii) ensure initiation and follow-up of internal occurrence / accident investigations.

(b) Safety review board

Detailed Requirements - ATOs

ATOs need an **Operations Manual & Training Manual**

Detailed Requirements - ATOs

ORA.ATO.130 Training manual and operations manual

- (a) The ATO shall establish and maintain a training manual and operations manual containing information and instructions to enable personnel to perform their duties and to give guidance to students on how to comply with course requirements.
- (b) The ATO shall make available to staff and, where appropriate, to students the information contained in the training manual, the operations manual and the ATO's approval documentation.
- (c) The operations manual shall establish flight time limitation schemes for flight instructors, including the maximum flying hours, maximum flying duty hours and minimum rest time between instructional duties.

Detailed Requirements - ATOs

ORA.ATO.230 Training manual and operations manual

- (a) The training manual shall state the standards, objectives and training goals for each phase of training that the students are required to comply with and shall address the following subjects:
- training plan,
 - briefing and air exercises,
 - flight training in an FSTD, if applicable,
 - theoretical knowledge instruction.

Detailed Requirements - ATOs

Operations Manual

ATOs certification follows a full certification process in **5 Phases approval** including document evaluation and onsite inspection. **(described in CAAT procedures)**

ATOs need an **Operations Manual & Training Manual** :

- **The Operations Manual Part A, B and C** have to comply with:
 - with **Part ORA Subpart ATO** in terms of **content required**;
 - With the **Aircraft Flight Manual** for Part B;
 - With **TCAR OPS Part NCC** for complex aircrafts operations;
 - or with **TCAR OPS Part NCO** for other aircrafts operations.

Detailed Requirements - ATOs

Operations Manual

ATOs need an **Operations Manual & Training Manual** :

- **The Operations Manual Part A, B and C arrangement for ATOs of an AOC:**

The use of some parts of approved Operations manual compliant to Part CAT may be acceptable (ORA.AOC.125).

/!\ The Organisation Management Manual shall comply with TCAR PEL Part ORA Subpart GEN.

It shall describe the Management system of the organisation.

It can be integrated into Operations Manual or be a separate document.

It is recommended to have a separate document as the OPS manual shall be provided to the trainees who do not need to know about the details of the management system.

Detailed Requirements - ATOs

Operations Manual

ATOs need an **Operations Manual & Training Manual** :

- **The Operations Manual Part D** shall comply with:
 - with **Part ORA Subpart ATO** in terms of **content required**;
 - With **TCAR PEL Part FCL Subpart J** for instructors training;

It shall describe how the instructors competencies are built and maintained

Detailed Requirements - ATOs

Operations Manual

AMC1 ORA.ATO.230(b) Training manual and operations manual

[Link to ATO of AOC OM](#)

Detailed Requirements - ATOs

Training Manual

ATOs need an **Operations Manual & Training Manual** :

- **The Training Manual** have to comply **with**:
 - **Part ORA Subpart ATO** in terms of **content required**;
 - **Part FCL Subpart** depending on the type of training (**GEN + Others**)

It shall describe how the training is organised and delivered.

Detailed Requirements - ATOs

Training Manual

ORA.ATO.230 Training manual and operations manual

- (a) The training manual shall state the standards, objectives and training goals for each phase of training that the students are required to comply with and shall address the following subjects:
- training plan,
 - briefing and air exercises,
 - flight training in an FSTD, if applicable,
 - theoretical knowledge instruction.
- (b) The operations manual shall provide relevant information to particular groups of personnel, as flight instructors, flight simulation training instructors, theoretical knowledge instructors, operations and maintenance personnel, and shall include general, technical, route and staff training information.

Many AMCs were developed to clarify CAAT expectations to comply with **ORA.ATO.230**

AMCs can be found for **TCAR PEL Part ORA** and also in for **TCAR OPS Part NCC and NCO**

AMC1 ORA.ATO.230(a) Training manual and operations manual
 AMC2 ORA.ATO.230(a) Training manual and operations manual:
 AMC3 ORA.ATO.230(a) Training manual and operations manual
 AMC4 ORA.ATO.230(a) Training manual and operations manual
 GM1 ORA.ATO.230(a) Training manual and operations manual
 GM2 ORA.ATO.230(a) Training manual and operations manual
 GM3 ORA.ATO.230(a) Training manual and operations manual

AMC1 ORA.ATO.230(a) Training manual and operations manual
 GM4 ORA.ATO.230(a) TRAINING MANUAL
 GM5 ORA.ATO.230(a) Training manuals for use at an ATO to conduct integrated or modular flight training courses should include the following:

AMC1 (a) The training plan:

| | |
|--|---|
| (1) The aim of the course (ATP, CPL/IR, CPL, etc. as applicable) | A statement of what the student is expected to do as a result of the training, the level of performance, and the training constraints to be observed. |
| (2) Pre-entry requirements | (i) Minimum age, educational requirements (including language), medical requirements; (ii) Any additional requirements for Kingdom of Thailand. |
| (3) Credits for previous experience | To be obtained from the CAAT before training begins. |
| (4) Training syllabi | As applicable, the flying syllabus (single-engine or multi-engine, as applicable), the flight simulation training syllabus and the theoretical knowledge training syllabus. |
| (5) The time scale and scale, in weeks, for each syllabus | Arrangements of the course and the integration of syllabi time. |
| (6) Training programme | (i) The general arrangements of daily and weekly programmes for flying |

Detailed Requirements - ATOs

Training Manual

[TM guidance](#)

TRAINING MANUAL (TM) GUIDANCE

| | |
|------------------|--|
| Scope | Training Manual (TM) published as a template in Word format, based on ORA.ATO.130/230. |
| Who is concerned | Training organisations wishing to establish a manual system in order to become an Approved Training Organisation (ATO). |
| Valid from | 3 Nov 2022 |
| Purpose | The purpose of this template is to assist an Approved Training Organisation (ATO) with guidance/information to compile their manual system. It covers the major aspects of the required structure and content of a Training Manual (TM) and has been developed on the basis of the CAAT. |

Combination between Type Rating and OCC

AMC1 ORO.FC.220 - Operator conversion training and checking

OPERATOR CONVERSION TRAINING SYLLABUS

(a) General

(4) The operator's conversion **may be combined** with a new type/class rating training, as required by TCAR PEL Part FCL.

Type Rating is defined in ATO Training manual and approved by **PEL**
OCC is defined in AOC OM Part D and approved by **OPS**

Combination is possible, provided AOC and ATO of AOC coordinate to organise the **footprint** of the **TR** course to include **OCC**.

OCC and TR shall be clearly identified.

Some **credits** can be obtained (e.g. **Aircraft systems, normal, abnormal and emergency procedures**)

Develop and Verify ATO compliance

Compliance matrix a way to demonstrate compliance

When elaborating Management system and ATO Manuals,

shall verify and demonstrate the compliance of the organisation with the requirements

A method should also be used to demonstrate compliance to the CAAT.

The use of compliance matrix is a way to address it.

MODULE-0.3

FSTD Operators

FSTD Operators – ATOs (Part ORA)

TCAR PEL Part ORA Subpart GEN and Subpart FSTD are applicable to FSTD Operators

SUBPART GEN - GENERAL REQUIREMENTS

- ▷ SECTION I - General
- ▷ SECTION II - Management

SUBPART FSTD - REQUIREMENTS FOR ORGANISATIONS OPERATING FLIGHT SIMULATION TRAINING DEVICE...

- ▷ SECTION I - Requirements for organisations operating FSTDs
- ▷ SECTION II - Requirements for the qualification of FSTDs

FSTD Operators – ATOs (Part ORA)

Part ORA Subpart **GEN**

General requirements applicable to ATOs and FSTD Operators involved in the training of Flight Crew; and to Organisations operating FSTD.

Part ORA Subpart **FSTD Section 1** Requirements for **organisations operating FSTDs**

General requirements and requirements to maintain the FSTD qualification

Part ORA Subpart **FSTD Section 2** Requirements for **organisations operating FSTDs**

Requirements for the qualification of FSTDs

FSTD Operators – ATOs (Part ORA)

Part ORA Subpart GEN

General requirements applicable FSTD Operators includes:

SECTION I – General

ORA.ATO.100 Scope

ORA.ATO.105 Application

ORA.ATO.110 Personnel requirements

ORA.ATO.120 Record-keeping

ORA.ATO.125 Training programme

ORA.ATO.130 Training manual and operations manual

ORA.ATO.135 Training aircraft and FSTDs

ORA.ATO.140 Aerodromes and operating sites

ORA.ATO.145 Pre-requisites for training

ORA.ATO.150 Training in third countries

FSTD Operators – ATOs Subpart FSTD

Part ORA Subpart FSTD Section 1 Requirements for organisations operating FSTDs

SECTION I - Requirements for organisations operating FSTDs

ORA.FSTD.100 General

ORA.FSTD.105 Maintaining the FSTD qualification

ORA.FSTD.110 Modifications

ORA.FSTD.115 Installations

ORA.FSTD.120 Additional equipment

Includes the **conditions to maintain FSTD qualification** and in case of modification.

It also includes **conditions on the environment of the FSTD**

FSTD Operators – ATOs Subpart FSTD

Part ORA Subpart FSTD Section 2

Requirements for the qualification of FSTDs

SECTION II - Requirements for the qualification of FSTDs

ORA.FSTD.200 Application for FSTD qualification

ORA.FSTD.205 Certification specifications for FSTDs

ORA.FSTD.210 Qualification basis

ORA.FSTD.225 Duration and continued validity

ORA.FSTD.230 Changes to the qualified FSTD

ORA.FSTD.235 Transferability of an FSTD qualification

ORA.FSTD.240 Record-keeping

Includes the conditions to for FSTD qualification, changes to be notified and addressed with the CAAT

FSTD Operators – ATOs Subpart FSTD

Part ORA Subpart FSTD Section 2

ORA.FSTD.225 Duration and continued validity

- (a) The full flight simulator (FES), flight training device (FTD) or flight and navigation procedures trainer (FNPT) qualification certificate shall be issued for a duration not exceeding one year.
- (b) The Basic Instrument Training Device (BITD) qualification certificate shall be issued for a duration not exceeding three years
- (c) These qualification certificates shall remain valid subject to:
 - (1) the FSTD and the operating organisation remaining in compliance with the applicable requirements;
 - (2) the CAAT being granted access to the organisation as defined in ORA.GEN.140 to determine continued compliance with the relevant requirements of the Air Navigation Act B.E 2497 and its associated regulations; and
 - (3) the qualification certificate not being surrendered or revoked.

FSTD Operators – ATOs Subpart FSTD

Part ORA Subpart FSTD Section 2

- (d) The validity period of 12 months established by CAAT for FFS, FTD and FNPT may be extended up to a maximum of 36 months, in the following circumstances:
 - (1) the FSTD has been subject to an initial and at least one recurrent evaluation that has established its compliance with the qualification basis;
 - (2) the FSTD qualification certificate holder has a satisfactory record of successful regulatory FSTD evaluations during the previous 36 months;
 - (3) the CAAT performs a formal audit of the compliance monitoring system defined in ORA.GEN.200(a)(6) of the organisation every 12 months; and
 - (4) an assigned person of the organisation with adequate experience reviews the regular reruns of the qualification test guide (QTG) and conducts the relevant functions and subjective tests every 12 months and sends a report of the results to the CAAT.
- (e) A BITD qualification shall remain valid subject to regular evaluation for compliance with the applicable qualification basis by the CAAT.
- (f) Upon surrender or revocation, the FSTD qualification certificate shall be returned to the CAAT
